

LIGHTFOOT MFG.. INC.

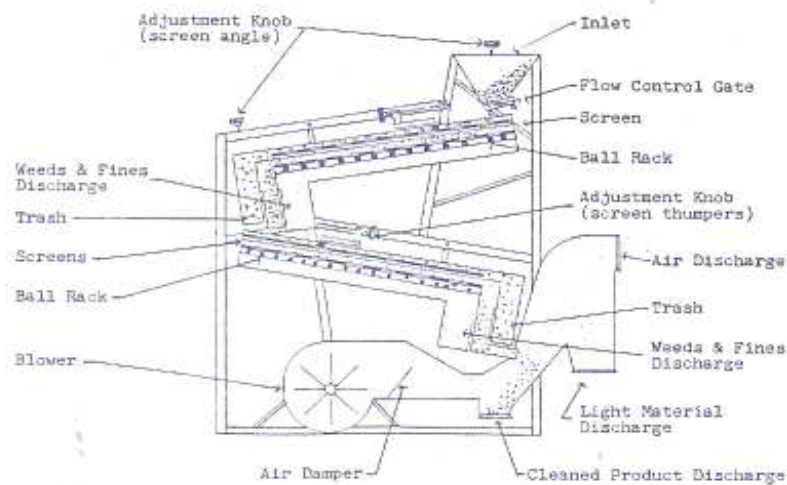

Cleaning your own seed means you know the seeds you are planting are your own. And also you won't have a surprise by finding weeds someone else had the year before.

Portable mounting available to clean commodities for profit.

Either model with its low initial cost will pay for itself with increased yields and higher quality grain.

Screens are available for virtually all products including: wheat, oats, barley, corn rape, rice, milo, soybeans, edible beans pellets, grasses, rye, sunflowers peanuts, flax, cotton, popcorn and many others.

MODEL 6048 FLOW CHART

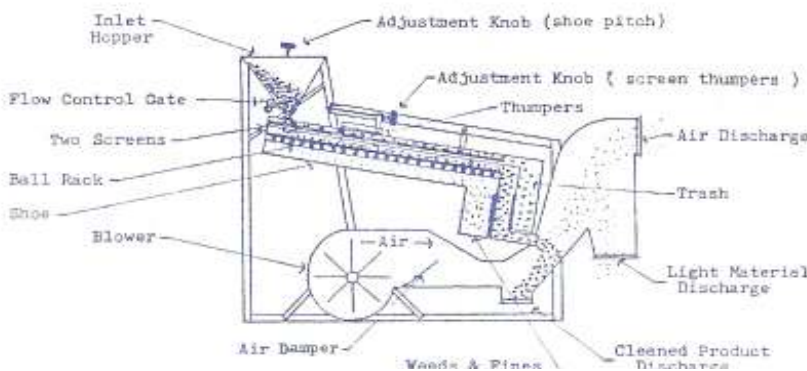

All units are shipped fully assembled with one complete set of screens (your choice), motor, belts, pulleys, roll feed inlet, blower, screen adjusters, screen rappers, and ball racks, super balls, rack and pinion flow control, blower controls and adjustable speed control.
